

## Exercise-1

**Q. Create a simple html page using basic tags.**

```
<!DOCTYPE html>
```

```
<html>
```

```
<head>Why want to create own destiny when you know it's already WRITTEN
```

```
<title><b>AMBITION OR STUBBORNNESS </b></title>
```

```
</head>
```

```
<body>
```

```
<p>
```

Assume a situation, <u>you've decided something for you</u>, like a destination to reach or an achievement you want. And after some years, people start telling you why your decision is not well for you. It'll start from your family to everyone you know, from friends to classmates to a teacher actually close to you to cousins to even juniors and younger ones, everyone you know. Still <i>you don't want to quit </i>because you think people will say such things when you have so big dreams. But after some time your parents sent you far for further studies and you have to accept that <strong>you lost before even fighting</strong>.<br>

But after 15 days you came back and you thought life gave you another chance to prove your decision. You start becoming more stubborn and rebellious. You were like totally determined. And then you got to know that you're having some serious illness and only that's why they were forcing you to quit. If you'll continue you'll die dear.....</p>

```
<h3><i>AND STILL YOU DON'T WANT TO QUIT</i></h3>
```

```
</body>
```

```
</html>
```

**Output**

## Why want to create own destiny when you know it's already WRITTEN

Assume a situation, you've decided something for you, like a destination to reach or an achievement you want. And after some years, people start telling you why your decision is not well for you. It'll start from your family to everyone you know, from friends to classmates to a teacher actually close to you to cousins to even juniors and younger ones, everyone you know. Still *you don't want to quit* because you think people will say such things when you have so big dreams. But after some time your parents sent you far for further studies and you have to accept that **you lost before even fighting**. But after 15 days you came back and you thought life gave you another chance to prove your decision. You start becoming more stubborn and rebellious. You were like totally determined. And then you got to know that you're having some serious illness and only that's why they were forcing you to quit. If you'll continue you'll die dear.....

*AND STILL YOU DON'T WANT TO QUIT*

## EXERCISE-2

**Q. Create a web page that displays your name on the screen.**

```
<!DOCTYPE html>
<html>
<head>
<title>my name</title>
</head>
<body>
<p><h2>Bhoomika Chaudhary</h2></p>
</body>
</html>
```

## OUTPUT

Bhoomika Chaudhary

## EXERCISE-3

**Q. Create a web page and show the output from 1 to 10 in separate lines.**

```
<!DOCTYPE html>
<html>
<head>
<title>Numbers 1-10</title>
</head>
<body>
<h1>Numbers 1-10</h1>
<p>
1<br>
2<br>
3<br>
4<br>
5<br>
6<br>
7<br>
8<br>
9<br>
10<br>
</p>
</body>
</html>
```

## OUTPUT

## EXERCISE-4

**Q. Create a web page and show the output from 1 to 10 in separate lines and each number should be in different colour.**

```
<!DOCTYPE html>
<html>
<head>
<title>Coloured Numbers 1-10</title>
<style>numbers</style>          font-size: 24p          </style>
</head>
<body>
<h1>Coloured Numbers 1-10</h1>
<div class="numbers">
<span style="color: red;">1</span><br>
<span style="color: orange;">2</span><br>
<span style="color: yellow;">3</span><br>
<span style="color: green;">4</span><br>
<span style="color: blue;">5</span><br>
<span style="color: indigo;">6</span><br>
<span style="color: violet;">7</span><br>
<span style="color: pink;">8</span><br>
<span style="color: brown;">9</span><br>
<span style="color: gray;">10</span>
</div>
</body>
</html>
```

### OUTPUT

### EXERCISE-5

**Q. HOW DO I MAKE A PICTURE AS A BACKGROUND ON MY WEB PAGE?**

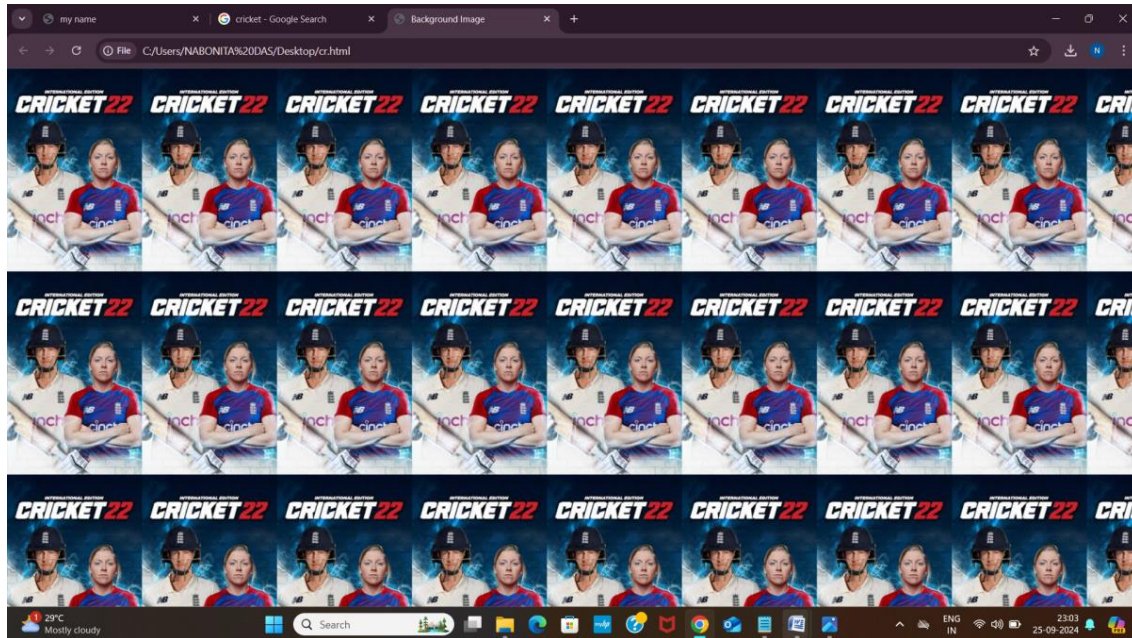

```
<!DOCTYPE html>
```

```

<html>
<head>
<title>Background Image</title>
</head>
<body background=" C:\Users\NABONITA DAS\Downloads\CR.PNG">
</body>
</html>

```

### OUTPUT

### EXERCISE-6

**Q. Create a web page to print a paragraph with 4-5 sentences, each sentences shall have a different font size.**

```

<!DOCTYPE html>
<html>
<head>
<title>emotions</title>
</head>
<body>

```

```

<h1>But after 15 days you came back and you thought life gave you another chance to prove your
decision.</h1>

```

```

<h2>You start becoming more stubborn and rebellious. You were like totally determined.</h2>

```

```

<h3>And then you got to know that you're having some serious illness and only that's why they were
forcing you to quit</h3>.

```

```

<h4>If you'll continue you'll die dear.....</h4>

```

```

</body>

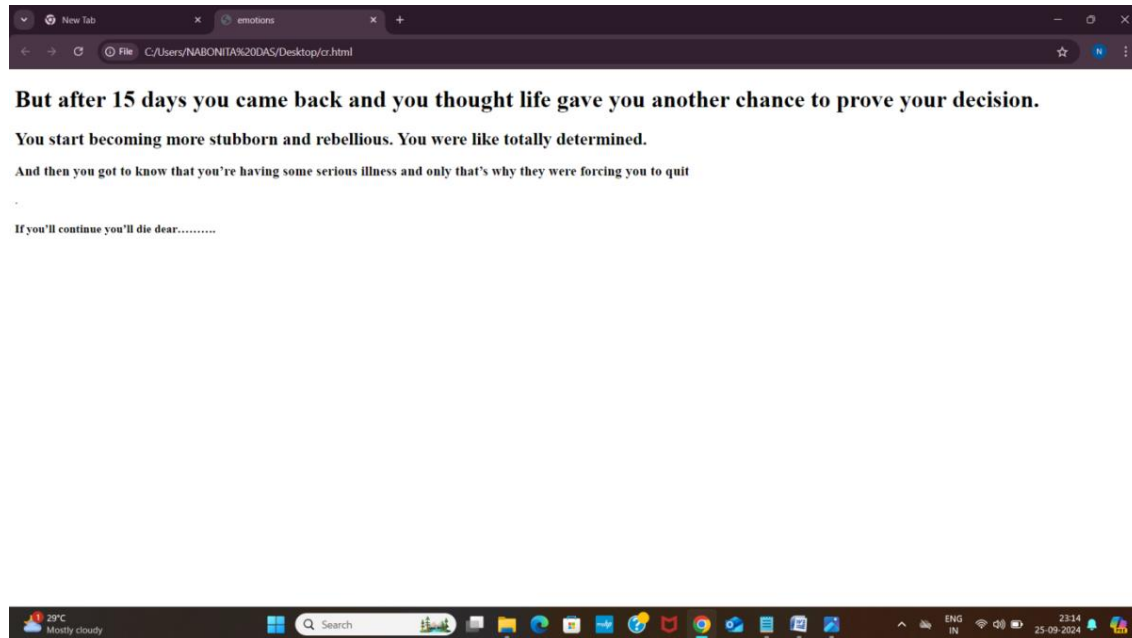

```

```

</html>

```

## OUTPUT

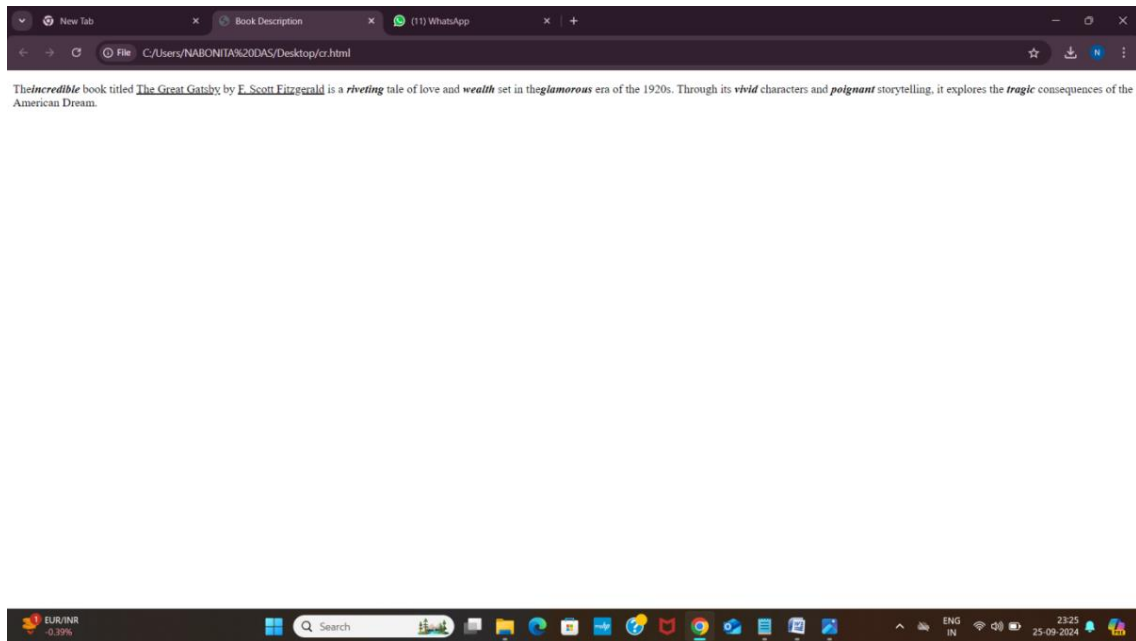

## EXERCISE-7

**Q. Write HTML code to print a paragraph that is description of a book, it shall include the title of the book, its author name; name and title should be underlined and all adjectives shall be bold and Italics.**

```
<!DOCTYPE html>
<html>
<head>
<title>Book Description</title>
</head>
<body>
<p>
The<b><i>incredible</i></b> book titled <u>The Great Gatsby</u> by <u>F. Scott
Fitzgerald</u> is a <b><i>riveting</i></b> tale of love and <b><i>wealth</i></b> set in
the<b><i>glamorous</i></b> era of the 1920s. Through its <b><i>vivid</i></b> characters and
<b><i>poignant</i></b> storytelling, it explores the <b><i>tragic</i></b> consequences of the
American Dream.
</p>
</body>
</html>
```

## OUTPUT

## EXERCISE-8

Q. Write html code to print your name using heading tag, every letter shall be of different

heading size.

```
<!DOCTYPE html>
<html>
<head>
<title>my name</title>
<h1> Bhoomika Chaudhary </h1>
<h2> Bhoomika Chaudhary </h2>
<h3> Bhoomika Chaudhary </h3>
</head>
</html>
```

## OUTPUT

**Bhoomika Chaudhary**

**Bhoomika Chaudhary**

**Bhoomika Chaudhary**

## EXERCISE-9

**Q. Write html code to print the sequence of the numbers 1-20 .each number shall be in different line with number 2 next to it as subscript , an equal sign and the result.**

```
<!DOCTYPE html>
<html>
<head>
<title> Bhoomika Chaudhary </title>
</head>
<body>
1<sub>2</sub> = 1<br>
2<sub>2</sub> = 4<br>
3<sub>2</sub> = 9<br>
4<sub>2</sub> = 16<br>
5<sub>2</sub> = 25<br>
6<sub>2</sub> = 36<br>
7<sub>2</sub> = 49<br>
8<sub>2</sub> = 64<br>
9<sub>2</sub> = 81<br>
10<sub>2</sub> = 100<br>
11<sub>2</sub> = 121<br>
12<sub>2</sub> = 144<br>
13<sub>2</sub> = 169<br>
14<sub>2</sub> = 196<br>
15<sub>2</sub> = 225<br>
16<sub>2</sub> = 256<br>
17<sub>2</sub> = 289<br>
18<sub>2</sub> = 324<br>
19<sub>2</sub> = 361<br>
20<sub>2</sub> = 400<br>
</body>
</html>
```

**OUTPUT**

## EXERCISE-10

**Q. Write HTML code to display an image with border of size with width 200, height 200 pixels, leaving Hspace and Vspace of your choice with image hanging in the right side on the screen.**

```
<!DOCTYPE html>

<html>

<head>

<title>Image Display</title>

</head>

<body>

<img src= "C:\Users\NABONITA DAS\Downloads\PR.PNG" alt="Sample Image"

width="200" height="200"

hspace="20" vspace="20" border=9>

</body>

</html>
```

## OUTPUT

## EXERCISE 11

Q. Write HTML codes to create a web page with heading. The heading shall be displayed at the top-center of the page and the image shall be at the center, just below the heading.

```
<!DOCTYPE html>

<html>

<head><center>THE HEADING</center></head>

<title>heading</title>

<body>

<center>

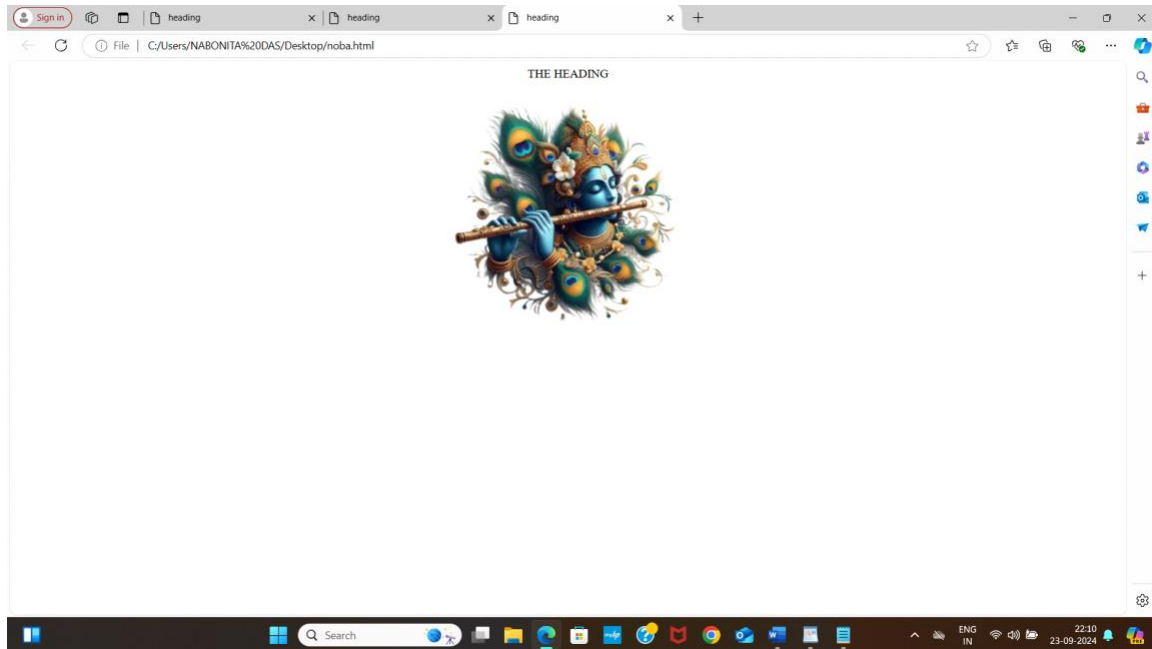

</center>

</body>

</html>
```

## OUTPUT

## EXERCISE-12

Q. Write HTML code using Multimedia tags.

```
<!doctype html>
```

```
<html>
```

```
<head>
```

```
<title>hyperlinks</title>
```

```
<body>
```

```

<input type="submit" value="submit"/>

<Button>Reset</Button>

</html>
```

</body>

## OUTPUT

The screenshot shows a web browser window with multiple tabs. The active tab displays a file named 'C:/Users/NABONITA920DAS/Desktop/ww.html'. The browser's address bar shows the file path. The webpage content is a 'Student Registration Form' with a light blue background. The form includes the following fields and options:

- Name:** A text input field with the placeholder text 'Enter Full Name'.
- Father's Name:** A text input field.
- Mother's Name:** A text input field.
- Phone Number:** A text input field.
- Email Address:** A text input field with the placeholder text 'sample@example.com'.
- Gender:** Radio buttons for 'male', 'female', and 'others'.
- date of birth:** A date picker showing 'dd-mm-yyyy'.
- Address:** A text input field.
- Blood Group:** A text input field.
- Department:** Radio buttons for 'CSE', 'EEE', and 'BBA'.
- Course:** Checkboxes for 'C', 'C++', 'Java', 'AI', and 'Robotics'.
- Photos:** A 'Choose File' button and the text 'No file chosen'.
- Buttons:** 'submit' and 'Reset' buttons at the bottom.

## EXERCISE-21

---

## History of Diwali

Diwali, also known as Deepavali, is an ancient Hindu festival celebrated with great enthusiasm. It is believed to have originated as a harvest festival but later became associated with various legends, including the return of Lord Rama to Ayodhya after his 14-year exile.

[Back to Top](#top)

## How Diwali is Celebrated

Diwali is celebrated by lighting oil lamps, bursting fireworks, decorating homes with rangoli, and exchanging gifts. It is a time for family reunions and prayers to Lakshmi, the goddess of wealth and prosperity.

[Back to Top](#top)

## Cultural Significance of Diwali

Diwali symbolizes the victory of light over darkness and good over evil. It is not only a religious festival but also a cultural celebration observed by Hindus, Sikhs, Jains, and Buddhists around the world.

[Back to Top](#top)

## Conclusion

Diwali brings people together, spreads joy, and reminds us of the importance of knowledge, truth, and peace in our lives.
